

OPPORTUNITY

- ✓ Established company with positive cash flow
- ✓ Strong revenue growth year over year
- ✓ See a return on your money within months instead of waiting for a equity payout that may never come
- ✓ Average monthly revenues approximately \$21K/month

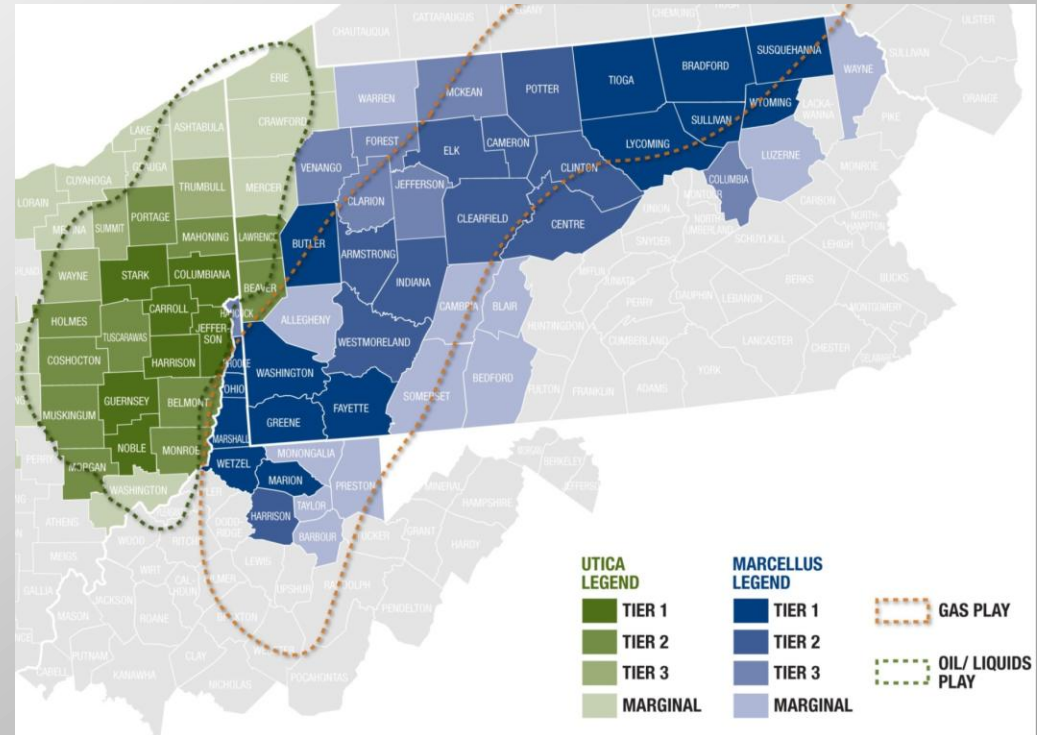

COMPANY TRACTION

CORE ASSETS

- Current assets located in the Tier 1 portion of the Marcellus Shale (Bradford, Susquehanna, Wyoming, Sullivan and Lycoming Counties, PA)
- We have on ownership in wells under Chesapeake, Cabot, Statoil, Anadarko and Mitsui
- Low commodity prices allow us to acquire significant footholds in the area
- Significant future revenues on the horizon

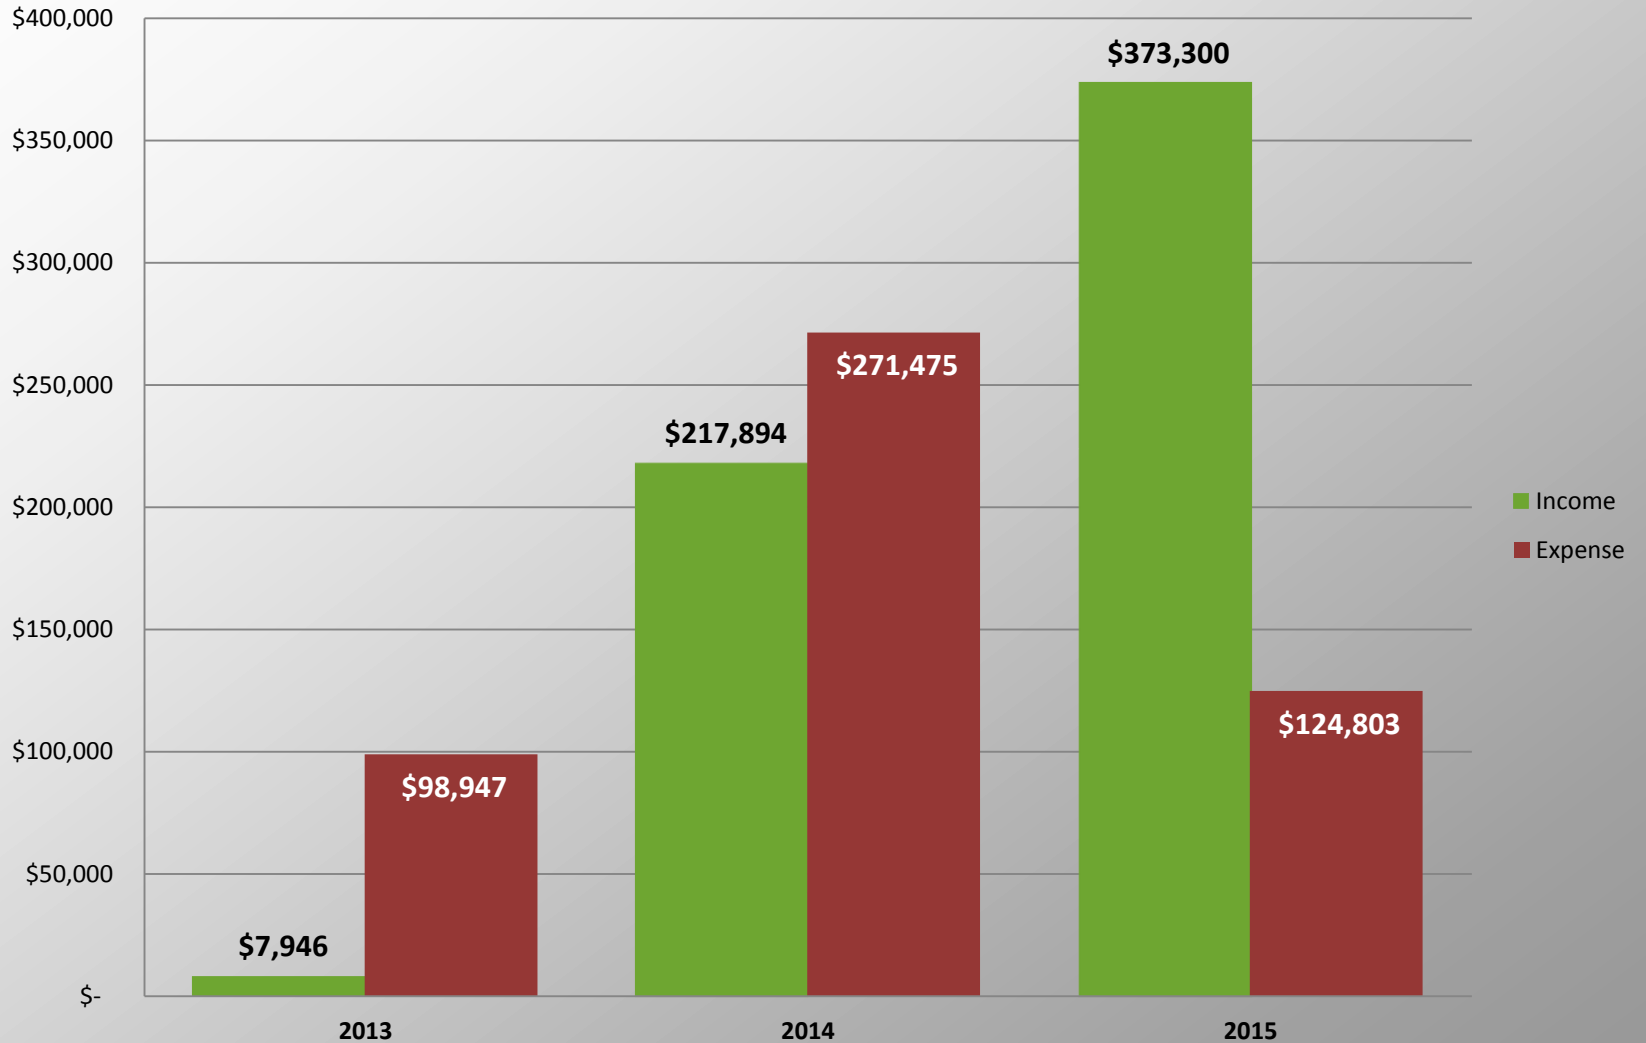

We receive revenue monthly payments from the following operators

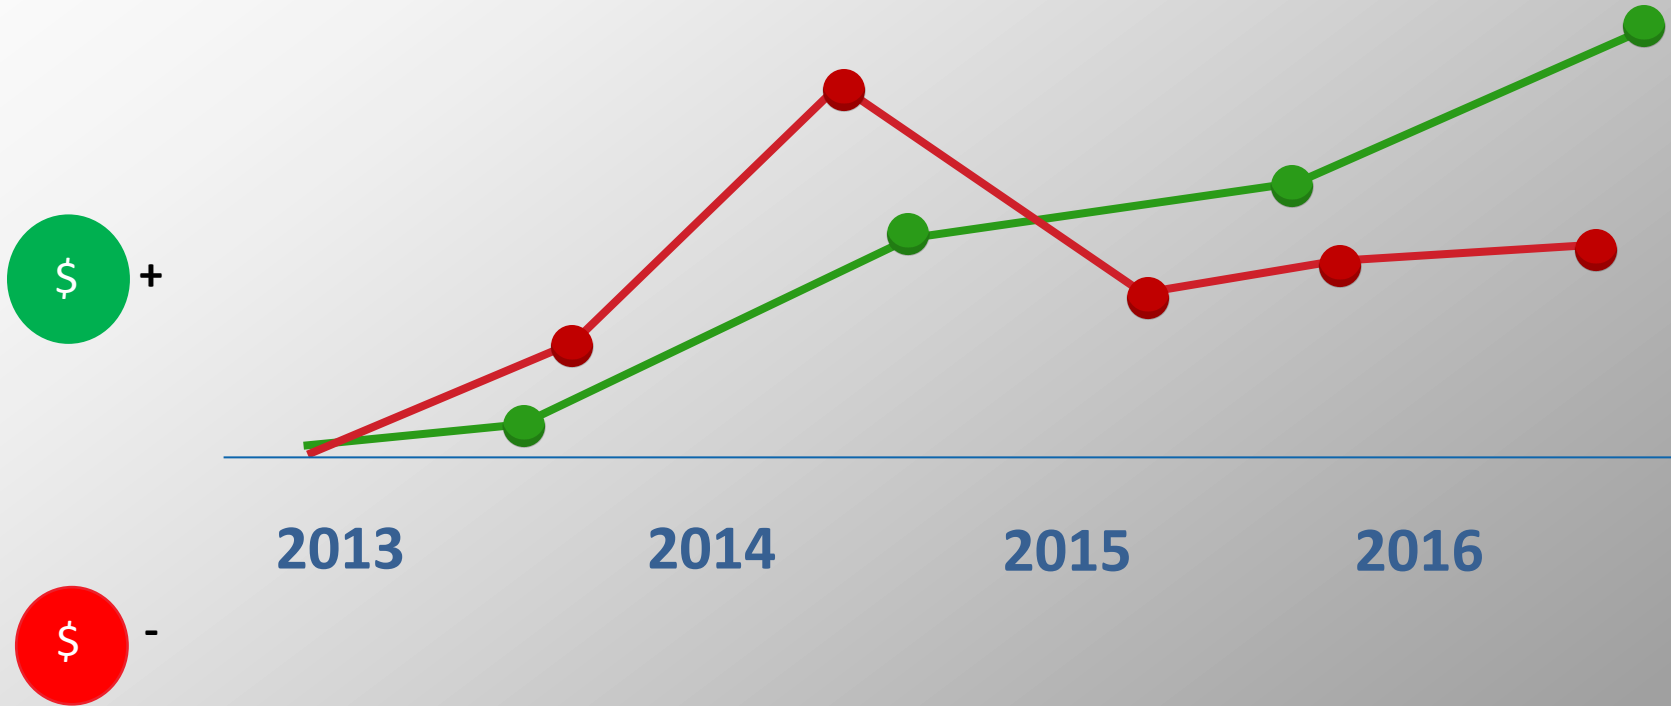

3 Year Revenue and Expenses

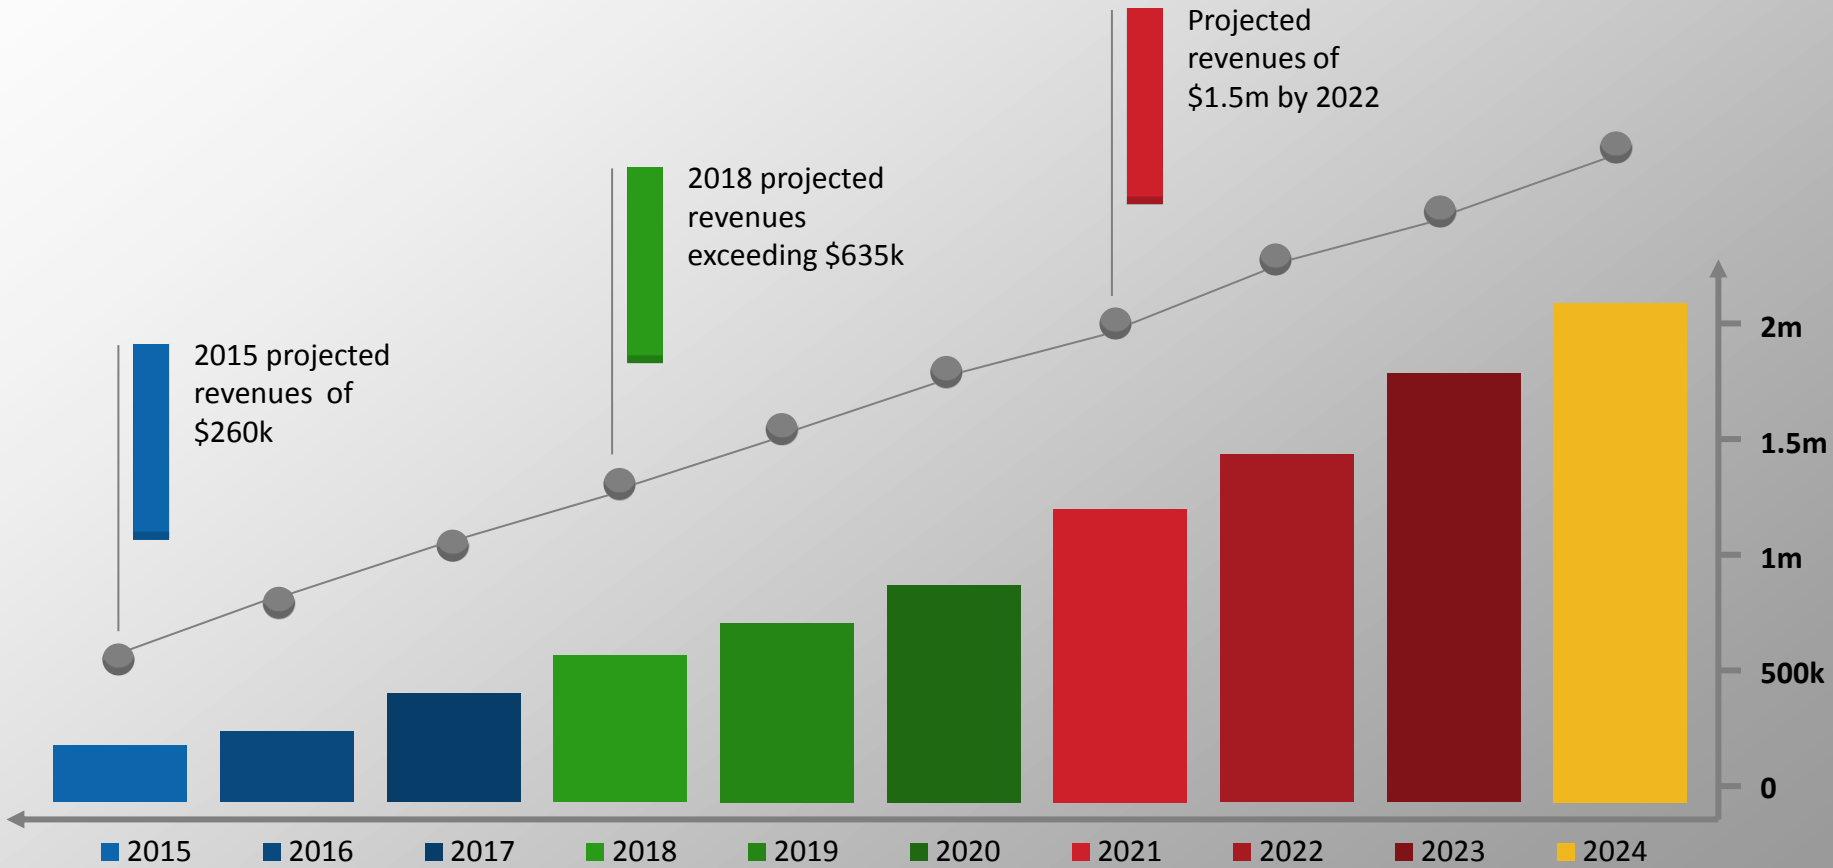

REVENUE AND EXPENSE DIAGRAM

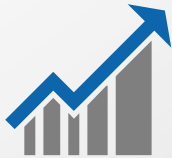

GROWTH FORECAST

10 Year forecast

STRATEGY

Challenge

- ▶ **Capitol** is our largest constraint at this time. We have several projects in the pipeline that will grow revenues exponentially.

Plan

- ▶ **The Plan** is to acquire additional assets in drilling programs still in their infancy.

Target

- ▶ **Revenue growth** is unleashed as additional drilling takes place or commodity prices rise. In the meantime, we are paid monthly revenues while we wait for either catalyst.
